Topic: Niagara Coastal - Using Community/Citizen Science to Address Data Gaps on the Great Lakes

Greg will introduce the Niagara Coastal Community Collaborative as an organization, and provide an overview of its four main initiatives; water quality monitoring, shoreline restoration, the Visual Assessment Survey Tool, and Great Lakes knowledge brokering; all of which are supported with community/citizen science.

Speaker - Gregory Ford, Executive Director, Niagara Coastal Community Collaborative

As a Great Lakes advocate, Greg works towards the goal of improving community access to the waters of the Great Lakes.
