

PURPOSE AND SELECTION CRITERIA FOR BERT MILLER AWARD

To recognize and honour an individual's or groups' contributions

- To preserve, protect, restore and improve the natural resources and environment of the Niagara Peninsula;
- To protect and preserve the wildlife of the Niagara Peninsula and to protect the natural habitat therein;
- To encourage, promote and foster an understanding and awareness of the natural resources and environment and their value in enhancing the quality of life;

And such other complementary purposes not inconsistent with these and other objectives of the Bert Miller Nature Club.

SELECTION CRITERIA

The intent of the award is to recognize extraordinary contributions of an individual or group who have not received recognition for the same contributions from other sources.
